

UNITED STATES OF AMERICA
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, DC

Issued by the Department of Transportation on May 11, 2004

NOTICE OF ACTION TAKEN -- DOCKET OST-2002-12198

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Application of **Air Wisconsin Airlines Corporation** filed **3/17/2004**, for:

XX Renewal of exemption for two years under 49 U.S.C. 40109 to provide the following service:

Scheduled foreign air transportation of persons, property, and mail between any point or points in the United States and any point or points in Canada with large aircraft.

Applicant rep: **Geoffrey T. Crowley (920) 749-4188** DOT Analyst: **Linda Senese(202) 366-2367**

DISPOSITION

XX Granted (see below)

The above action was effective when taken: **May 11, 2004**, through **May 11, 2006**.

Action taken by: **Paul L. Gretch, Director**
Office of International Aviation

XX The authority granted is consistent with the aviation agreement between the United States and Canada.

Except to the extent exempted or waived, this authority is subject to the terms, conditions, and limitations indicated:

XX Holder's certificate of public convenience and necessity

XX Standard Exemption Conditions (attached)

XX Statement of Authorization approving Air Wisconsin/Air Canada code-share operations dated April 16, 2002 (Docket OST-2002-12050).¹

(See Reverse Side)

¹ We deem the authority granted in the Department's April 16, 2002, statement of authorization also to encompass the operations described in the instant application.

Remarks: Air Wisconsin has previously been found to be a citizen of the United States and fit, willing, and able to provide scheduled interstate air transportation of persons, property, and mail as a certificated air carrier under section 41102 of Title 49 U.S.C. (see Orders 93-12-41 and 98-7-6). The foreign air transportation services authorized here are not markedly different in terms of aircraft size or stage length from the carrier's current scheduled interstate operations under its existing certificate authority. We, therefore, found that Air Wisconsin is qualified to provide the proposed air transportation services for the two-year period covered by this exemption.

Under authority assigned by the Department in its regulations, 14 CFR 385, we found that (1) our action was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

U.S. Carrier Exemption Conditions

In the conduct of the operations authorized, the U.S. carrier applicant(s) shall:

- (1) Hold at all times effective operating authority from the government of each country served;
- (2) Comply with applicable requirements concerning oversales contained in 14 CFR 250 (for scheduled operations, if authorized);
- (3) Comply with the requirements for reporting data contained in 14 CFR 241;
- (4) Comply with requirements for minimum insurance coverage, and for certifying that coverage to the Department, contained in 14 CFR 205;
- (5) Except as specifically exempted or otherwise provided for in a Department Order, comply with the requirements of 14 CFR 203, concerning waiver of Warsaw Convention liability limits and defenses;
- (6) Comply with all applicable requirements of the Federal Aviation Administration and with all applicable U.S. Government requirements concerning security, including, but not limited to, 49 CFR Part 1544. To assure compliance with all applicable U.S. Government requirements concerning security, the holder shall, before commencing any new service (including charter flights) to or from a foreign airport, contact its International Principal Security Inspector (IPSI) to advise the IPSI of its plans and to find out whether the Transportation Security Administration has determined that security is adequate to allow such airport(s) to be served; and
- (7) Comply with such other reasonable terms, conditions, and limitations required by the public interest as may be prescribed by the Department of Transportation, with all applicable orders and regulations of other U.S. agencies and courts, and with all applicable laws of the United States.

The authority granted shall be effective only during the period when the holder is in compliance with the conditions imposed above.
